PROFESSIONAL SUMMARY

Detail-oriented and analytical Accounting Analyst with over five years of experience managing financial reporting, general ledger reconciliations, and variance analysis at a regional enterprise. Proven track record of improving reporting accuracy, streamlining month-end closing processes, and assisting cross-functional teams with budget forecasting. Graduated with a Bachelor's in Finance and possesses foundational internship experience in corporate accounting.

PROFESSIONAL EXPERIENCE

Apex Global Solutions | Anytown, ST

Accounting Analyst | July 2021 – Present

- Conduct monthly, quarterly, and annual general ledger reconciliations to ensure 100% compliance with GAAP standards.
- Analyze complex financial statements and prepare variance reports highlighting key operational drivers for executive management.
- Streamlined the month-end closing process by automating routine journal entries, reducing close time by two business days.
- Collaborate with internal audit teams to verify internal controls, document financial procedures, and mitigate risk factors.
- Assist in preparing annual departmental operating budgets and rolling cash flow forecasts using advanced financial modeling.

INTERNSHIP EXPERIENCE

Summit Financial Services | Anytown, ST

Corporate Accounting Intern | May 2020 – August 2020

- Assisted senior accountants with accounts payable (AP) and accounts receivable (AR) processing and verification.
- Reconciled bank statements and flagged discrepancies for further internal review.
- Generated weekly sales and expense summaries using Microsoft Excel.
